The New Jersey Department of Transportation (NJDOT) Route 1 pilot project will affect travel to Princeton starting on or about Aug. 3.

This is especially important for communications to incoming students traveling to campus this fall.

Motorists using Route 1 northbound will not be able to make left turns or U-turns at Washington Road and Harrison Street in West Windsor starting around Friday, Aug. 3, 2012. The turn restrictions will last for approximately 12 weeks.

Drivers on Route 1 northbound may continue to access Princeton using the Alexander Road exit. Northbound drivers also may exit at the Scudders Mill Road interchange and U-turn onto Route 1 southbound to reach right-turn exits into Princeton.

Route 1 southbound lanes will not be affected by the state’s pilot project, and southbound drivers may continue to turn right at Alexander Road, Harrison Street or Washington Road to travel to Princeton.

Please see below for updated driving directions to Princeton University, which direct travelers on Route 1 northbound to take the Alexander Road exit rather than turning left at Washington Road.

These directions will be posted on the main Visiting Campus webpage (www.princeton.edu/main/visiting/) when the road restrictions take effect. Departments also are encouraged to link to directions on the Visiting Campus page from their individual websites.

For more information about the Route 1 pilot project, visit the NJDOT website at: http://www.state.nj.us/transportation/commuter/roads/route1pilot/.
