PEI Summer Reading List 2006
Enjoy these really great beach books

*(Just add sunblock and hat!)*

**BONUS FEATURE:**
Relax with these fantastic books and get ready for the upcoming 
*Food, Ethics and the Environment Conference* at the same time!

*Sponsored by the Princeton Environmental Institute (PEI), Center for Human Values, The Program in Science, Technology and Environmental Policy of the Woodrow Wilson School*

Conference dates: November 16 and 17, 2006

*(Mark your calendars now)*

The following authors will be featured at the conference:

**Marion Nestle** (author of *What to Eat*)

**Michael Pollan** (author of *The Omnivore’s Dilemma* and *The Botany of Desire*)

**Peter Singer** (co-author, with Jim Mason, of *The Way We Eat*)

Look for further information from PEI in the fall!
